Webinar

BII/ASIA: Truths and Controversies

Dear Doctors,

In this webinar Dr. Piassi (Brasil) will share the limited information available in the literature regarding this hot topic, the truths and controversies, and together with Mr. Jallali (UK) they will discuss their own experience and how to deal with that patient profile in the clinical practice.

Speaker: Dr. Alexandre Piassi, plastic surgeon, Brazil.

Dr Piassi is an Assistant Physician at Hospital das Clínicas da FMUSP-SP-Rolf Gemperli. He is also a Plastic Surgeon Coordinator of Advanced Mastology Center of Hospital Sírio-Libanês and a Coordinator of Academic Internships in Plastic Surgery at IEP- Hospital Sírio-Libanês. He is an active member of different societies, ASPS/SBCP/ISAPS/CBC/CIC/SBM, a member of the Global network BI-ALCL ASPS, a member of the Task Force SBCP and a PRS Reviewer. He offers a contemporary Cosmetic Surgery practice in São Paulo. He has special expertise in facial plastic surgery, nose expert surgery, breast reconstruction, liposuction and breast surgery.

Moderator: Mr. Navid Jallali FRCS (Plast) Cosmetic and Reconstructive Surgeon.

Mr. Jallali is a Consultant Cosmetic & Reconstructive Surgeon. He was formerly the head of department of Plastic Surgery at Imperial College NHS trust. Mr Jallali is one of UK's leading Plastic surgeons and is currently the President of the RSM (Plastic Surgery section) and the Chairman of the medical advisory committee at the London Welbeck Hospital. He offers a contemporary Cosmetic Surgery practice in central London and surrounding areas, with expertise in breast augmentation, breast reduction, gynaecomastia, abdominoplasty, face lip and rhinoplasty. He has special expertise in dual plane breast augmentation, revision rhinoplasty and fat grafting. Mr. Jallali also carries out all forms of complex head and neck, skin and breast reconstruction. He has super-specialised in the field of microsurgery and is recognised nationally and internationally for his work at Charing Cross Hospital.
