Webinar

Decision making in breast augmentation surgery

Dear GCA Academy members,

In this webinar, Taimur Shoaib, plastic surgeon, discusses how to make decisions in breast implant surgery relating to the shape of implant, size of implant, the pocket to make, whether to perform a mastopexy, and how the patient history and examination findings also help drive correct and accurate decision making for the best results.

Don't miss this opportunity to learn from an expert on the field!.
