Webinar

Breast Reconstruction in Poland Syndrome

Dear GCA Academy™ Members,

We are pleased to invite you to an enlightening academic webinar led by Dr. Jorge Eduardo Molina Ortega, an experienced plastic and reconstructive surgeon from Mexico. This webinar will delve into the Breast Reconstruction procedure when facing Poland Syndrome.

In this webinar, Dr. Molina Ortega will share his valuable insights on this rare congenital condition and how to approach the reconstructive surgery focusing on hybrid techniques, using real-life case studies.

Don't miss this opportunity to deepen your understanding of Poland Syndrome and the best reconstructive surgical approaches for this condition. Secure your spot now to learn from Dr. Molina Ortega's unparalleled expertise.

Dr. Jorge Eduardo Molina Ortega, Plastic and Reconstructive surgeon

Dr. Jorge Eduardo Molina Ortega is a distinguished expert surgeon with over 20 years of experience. He currently collaborates as plastic surgeon and hand microsurgery surgeon at Hospital Angeles Morelia, in Mexico.

He is an international expert in Poland Syndrome and hand microsurgery, and throughout his career, he has collaborated for important public and private entities in Mexico, USA and Spain.

Dr. Molina Ortega participates as a speaker in numerous national and international congresses, and his academic contributions are significant, enriching the literature in his specialty.

Dr. Molina Ortega is a member of several esteemed organizations like the Mexican Association of Plastic, Aesthetic and Reconstructive Surgery (AMCPER), the Mexican Council of Plastic, Aesthetic and Reconstructive Surgery (CMCPR), and the American Burn Association (ABA).

Dr. Jorge Eduardo Molina Ortega's expertise, dedication, and leadership have solidified his position as a recognised authority in Aesthetic and Reconstructive Plastic Surgery.
