Webinar

# Funnel-Assisted Breast Implantation: A Game changer for Safety and Outcomes

Dear GCA Academy™ Members,

We are pleased to invite you to an enlightening academic webinar, led by Dr. Julián Hernández, a renowned plastic and reconstructive surgeon from Colombia.

This session will deep dive into the funnel-assisted breast implantation, and its benefits on safety and final outcomes.

In this webinar, Dr. Hernández will share his experience and valuable insights on the benefits of using a funnel insertion with hyaluronic acid in breast implant surgery, the importance of a "no-touch" technique and the long-term implications for both aesthetic and reconstructive breast surgery.

This is a unique opportunity to enhance your knowledge in the use of this advanced tool and technique in breast implant surgery aimed at minimizing complications, particularly capsular contracture.

Secure your spot now to benefit from Dr. Hernández unparalleled expertise.

## Dr. Julián Hernández M.D Plastic and Reconstructive surgeon

Dr. Hernández is a renowned specialist in Plastic and Reconstructive Surgery, with more than 7 years of experience.

With a degree in Plastic, Aesthetic and Reconstructive surgery at from the National University of Colombia and the FUCS – Fundación Universitaria de Ciencias de la Salud, he completed his residency at Hospital de San José and the Children's University Hospital of the Bogotá Surgical Society. Dr. Hernández holds also the subspeciality of hand surgery from FUCS.

Currently he runs his own private practice in Cali and in Bogotá, Colombia.

Dr. Hernández is a full member of several esteemed medical organizations, like the Colombian Society of Plastic Surgery (SCCP) and the International Society of Aesthetic Plastic Surgery (ISAPS). His academic contributions are significant, enriching the literature in his specialty, being author of numerous scientific publications, as well as speaker in national and international conferences and congresses.

Dr. Hernández expertise, dedication, and leadership has earned him recognition as a key figure in plastic, aesthetic and reconstructive surgery.
